

K-LOVE is heard in my community on 91.3 FM. It is the main radio station that my family listens to. If K-LOVE were displaced by an LPFM broadcaster, thousands of listeners in my community would lose this wonderful family-friendly station. Our church uses K-LOVE for music for our events. K-LOVE sends a positive and encouraging message that people enjoy listening to, and that is definitely in the general public's best interest. Thank you for your consideration. I know I speak for many when I write this.
